

## AC Line Cord for BD Electronic Unit 101N0500 UL & VDE approved versions

**Introduction** We are pleased to introduce a new accessory for the BD compressor series: An AC line cord for the electronic unit 101N0500 AC/DC version which features a built-in cord-relief.

**Specification** The cable locks into the L-N socket. It is available in both a VDE and UL approved version. The cable square for the electrical connectors is 0.75 mm<sup>2</sup> for the VDE version and 18 AWG for the UL version while the length is 1 m for both of them. It is open in the end so that the customer is free to mount a plug of his choice.

**Packaging** The line cord will be available in *Single Pack* and in *I-Pack* (80 pcs).

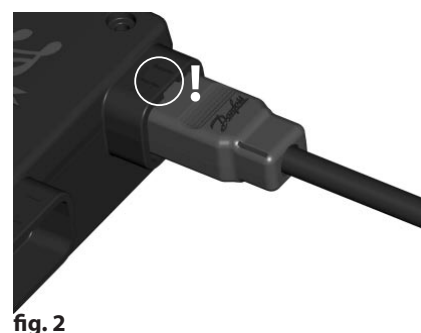

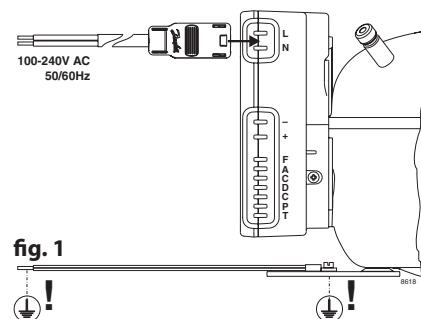

**Code numbers**

**US Version (UL)**  
 Single Pack: 105N9520  
 I-Pack (80 pcs.): 105N9521

**EU Version (VDE)**  
 Single Pack: 105N9530  
 I-Pack (80 pcs.): 105N9531

**Delivery** The new line cords will be available from week 15/2007

**Wiring diagram** For the correct installation, please see the wiring diagram below (fig. 1). It is important that the earthing is made directly to the compressor unit earth connection. Please notice that the new cables do not fit to the old electronic unit housings without snap-on. See fig. 2 for the new plug.
