

## SC-CN<sub>X</sub> / Starting Relay

### Now approved for use with flammable gas

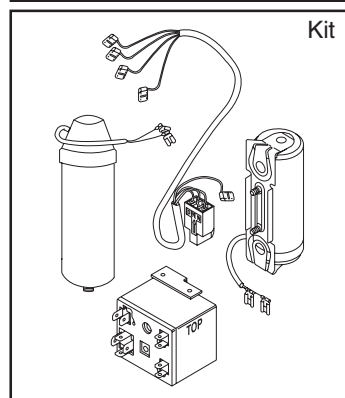

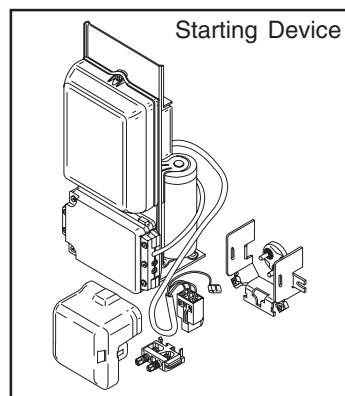

All SC-CN<sub>X</sub> compressors for use with flammable refrigerant R290 are now equipped with a VDE approved gas tight potential relay useable for hydrocarbon applications according to EN/IEC 60335-2-24.

Hereby it is no longer necessary to place the starting device outside the compressor compartment.

The new approved potential relay is white (nature) in colour, where the old one was black.

Code number printed on the potential relay

Compressor & Condensing unit Type	Compressor Code no.	Relay WAS	Relay WILL BE
		Code no. (black)	Code no. (white)
SC10CN <sub>X</sub>	104H8065	117-7399 or 117-7425	<b>117-7425</b>
SC12CN <sub>X</sub>	104H8265	117-7399 or 117-7425	<b>117-7425</b>
SC15CN <sub>X</sub>	104H8565	117-7422 or 117-7426	<b>117-7426</b>
SC18CN <sub>X</sub>	104H8865	117-7429	<b>117-7429</b>
