

Sauer-Danfoss WebGPI™ Communication Software 3.1
PN: S0382310
Revision History

This file contains important supplementary and late-breaking information that may not appear in the main product documentation. We recommend that you read this file in its entirety.

WebGPI 3.1, PN: S0382310 (December 2009)

Version 3.10: What is New

- Sauer-Danfoss is pleased to announce the release of WebGPI™ Communication Software 3.1, now upgraded for on-line purchase and license activation. Version 3.1 functional performance is the same as Version 3.0

Version 3.10: Known issues

▪

Version 3.10: Notice about Purchasing Multiple Licenses

- Multiple copies of WebGPI 3.1 licenses can be purchased on-line. Please refer to the instructions below.
 1. Checkout and purchase the WebGPI license through the Webstore.
 2. Click on the “Begin download” button to save the file “Download WebGPISetup_v3.1 now” to your desktop
- The licensing process is sensitive to how the multiple licenses are distributed to users. To distribute multiple licenses or to move a license to a new pc (prior to installation)
 1. Copy the file “Download WebGPISetup_v3.1 now” to the new pc or pc’s.
 2. Launch the file “Download WebGPISetup_v3.1 now” on the new pc to download the installation file “WebGPISetup_3.1” from the Webstore
 3. Launch the downloaded installation file “WebGPISetup_v3.1” to start the installation.
 4. Continue with the installation.
